## Electric Fans Are Necessities

Business men are beginning to depend as much on their electric fans as upon the telephone or electric lights.

The electric fan stirs up pure air and permits men to accomplish their work in the office, no matter how hard Old Sol may shine outside.

An electric fan will keep you cool. Once used you will wonder how you ever got along without it.

## ELLIS GATHERS

CAR

### TRAFFIC DATA

Willie Ellis, the singer and ex-hallif of Judge Lindsay's court, who was until recently somewhat connected with the office of Promotion Committee as a guide and was one of the applicants for the position of criminologist in Attorney General's department, is now appointed as a hallif for the Rapid Transit Company. His jurisdiction extends to Wyllie street with an office at the corner of King and Liliha streets. His duties are to count up all the passengers who travel on Liliha street cars. He is to keep tally of all those coming down from Wyllie street and going up from King street, and to make a report to Manager Ballyntyne of the Rapid Transit Company. When the cars on Liliha street come down with passengers to meet King street cars this morning Ellis was there, pencil in hand, counting all those on the cars. His action in scrutinizing the passengers looked rather suspicious, but when they found what he was doing they volunteered necessary information. Ellis is there to gather data relative to the proposed change in the service.

## WANT QUEEN EMMA PROPERTY FOR PARK

The offer of Mr. Isenberg to buy the Queen Emma property on Nuuanu valley has aroused the opposition that might have been expected from such an offer, and two petitions have been forwarded to Governor Frear praying that the land may be set aside as a public park instead of being sold to private parties. The petitions are identical in wording, except for the names of the two Hawaiian societies presenting them. One of these societies is the Hui Kokua A Hookuonoona O Na OIwi Hawaii, represented in the signatures to the petition by S. C. Dwight, president, and A. S. Kalepou, secretary. The other society is the Hui Kokua A Hookuonoona O Na Wahine OIwi Hawaii, and its petition is signed by Harriet K. Dwight, president, and Makihi Kalepou, secretary.

Governor Frear has as yet taken no action on the application to buy the land.

The following is the text of the petitions:

The undersigned representing the Hui Kokua A Hookuonoona O Na OIwi Hawaii respectfully petitions that the land known as Hanaiakamalama and formerly the residence of Kamehameha IV. and Queen Emma Kalelelanani, be set aside and reserved for public purposes as a park, and more especially as a Historical Reserve tending to keep in mind the early traditions and remembrances of Hawaiian History.

This is one of the few remaining tracts of land associated with the early history of Hawaii and endeared by tradition to the Hawaiian people now available for the public, and we earnestly pray that you may see your way to grant our request and thus keep green the memory of Queen Emma Kalelelanani and the Kamehameha dynasty.

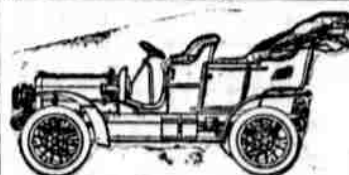

"For Rent" cards on sale at the Bulletin office.

## WILSON BIDS

SUCCESSFULLY

### TO BUILD ROAD

Bids for the construction of the proposed Makiki Slopes road were opened by Superintendent of Public Works Holloway this morning. There were only two bidders, the Concrete Construction Company, Ltd., and A. A. Wilson. The tender of the former was \$7360, the work to be completed within 100 days. Wilson bid \$6636, and agreed to complete the road in the same length of time.

Although the contract has not been formally awarded yet, Superintendent Holloway states that it will go to Wilson, whose bid was the lower.

The Makiki Slopes road is to connect with the Tantalus road, and its completion will furnish a good driveway from Makiki valley to Tantalus.

## FREAR APPOINTS

EX-GOVERNOR

### CARTER ON BOARD

Ex-Governor Carter has been appointed by Governor Frear a member of the Board of Agriculture and Forestry, to take the place left vacant by the resignation of Gerritt Wilder. The commission was made out and signed by Governor Frear this morning.

## FORTY TWO ROUNDS OF FIGHTING

Fight fans at Goldfield, Nevada, paid \$50 for ringside seats at the Gans-Nelson fight, and they got their money's worth, for the men went 42 fast rounds and Nelson lost on a foul. Miles Brothers were at the ringside with a motion picture machine and got every move and blow that the fighters made. They took pictures for three hours, and the result was a mile and a half of fine, clear fight films. These films will be shown at the Hotel Baths on next Monday and Tuesday night, and the sailors on board the ships and the Honolulu sports can see for 50c, 75c and \$1 what it cost those at Goldfield \$50 to witness. Here is one chance in a thousand to see these wonderful fighters in action. Seats now on sale at the Hotel Baths.

## RECEPTION AND BALL FOR NAVAL OFFICERS

A big reception and ball is to be given next Saturday under the auspices of Governor Frear and Secretary Mott-Smith in honor of Admiral Dayton and the officers of the cruiser squadron. The affair is to be invitational but will not be limited to the "200", as 1500 invitations are to be issued. It will take place on the roof garden of the Young Hotel, and both pavilions will be used for dancing. Two orchestras and the Hawaiian band have been engaged to furnish the music for the occasion.

On account of the shortness of the time intervening between now and Saturday evening, the work of getting out the large number of invitations will have to be rushed, and the Governor's office force will be kept busy. The function is to be semi-official in character.

## TRANSFER APPROVED BY GOVERNOR FREAR

Governor Frear this morning approved the transfer of the Maertens House to the Board of Regents of the College of Agriculture, to be used as temporary quarters for the college until permanent buildings can be erected on the College Hills tract acquired for the purpose.

The transfer provides that the building shall be moved off the Maertens lot onto the two Brown lots on Young street leased for the purpose, and that after the permanent college buildings are ready for use, it shall be reconveyed to the Land Commissioner.

The session of the kerosene warehouse fire inquest which was to have been held at the police station this evening, has been postponed as County Attorney Cathcart, who is conducting the examination, is very busy at present owing to the fact that his office staff is short one assistant.

## AILING WOMEN

How Many Perfectly Well Women  
Do You Know?

MISS GRACE E. MILLER

MRS. W. S. FORD

"I am not feeling very well." "I am so nervous it seems as though I should fly." "My back aches as though it would break."

How often do you hear these significant expressions from women friends. More than likely you speak the same words yourself, and there is a cause.

More than thirty years ago Lydia E. Pinkham of Lynn, Mass. discovered the source of nearly all the suffering endured by her sex. "Woman's Ills," these two words are full of more misery to women than any other two words that can be found in the English language. Sudden fainting, depression of spirits, reluctance to go anywhere, backaches, headaches, nervousness, sleeplessness, bearing-down sensations, displacements and irregularities are the bane of woman's existence.

The same woman who discovered the cause of all this misery also discovered a remedy. **Lydia E. Pinkham's Vegetable Compound** made from native roots and herbs holds the record for a greater number of absolute cures of female ills than any other one remedy the world has ever known and it is the greatest blessing which ever came into the lives of suffering women.

Don't try to endure, but cure the cause of all your suffering. Lydia E. Pinkham's Vegetable Compound at once removes such troubles. The following letters prove this:

Mrs. W. S. Ford of 1938 Lansdowne St., Baltimore, Md. writes:

Dear Mrs. Pinkham:

"For four years my life was a misery to me. I suffered from irregularities, suppression, terrible dragging sensations and extreme nervousness. I had given up all hope of ever being well again when Lydia E. Pinkham's Vegetable Compound was recommended. It cured my weakness and made me well and strong."

Miss Grace E. Miller, of 1213 Michigan St., Buffalo, N. Y. writes:

Dear Mrs. Pinkham:

"I was in a very bad condition of health generally, irritable, cross, lachrymose and suffered from a feminine weakness. Lydia E. Pinkham's Vegetable Compound, cured me after all other medicines had failed."

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Ford and Miss Miller it will do for other women in like condition. Every suffering woman in the United States is asked to accept the following invitation. It is free, will bring you health and may save your life.

Mrs. Pinkham's Invitation to Women.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised. Out of her vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that will help your case. Her advice is free and always helpful.

## BISHOP TRUSTEES FILE ANNUAL REPORT

The trustees of the Bishop estate have filed their twenty-second annual report, covering the period from July 1, 1906, to June 30, 1907. In addition to the detailed accounts of receipts and expenditures, the report includes the reports of the President and Registrar of Kamehameha schools, a detailed statement of investments, summary of real estate for the year, inventory of real and personal property and 521 vouchers.

The total expenditures for the year were \$368,748.85, against receipts amounting to \$389,410.41, leaving a balance on hand of \$21,661.56.

The revenue account for the year shows a considerable increase, the total receipts being \$181,899.63, the expenditures \$112,451.62, leaving an excess of revenues over expenditures for the year, \$69,448. Total investments were \$244,750. The trustees transferred the Bishop wharves to the Inter-Island for \$150,000, \$100,000 bonds and the balance cash.

The master to whom the report was referred, in his report, says the trustees' accounts and reports manifest strict and conservative methods in the management of the estate. He finds the accounts correct in every respect.
